

## International Conference on the History of Freemasonry

The second International Conference on the History of Freemasonry (ICHF) will be held in May 2009

The success of the first International Conference on the History of Freemasonry seems to have ensured its future. It was decided to hold the second conference in Scotland because 2009 marks the 250th anniversary of the birth of Scotland's National Bard - Brother Robert Burns (1759 - 1796). The Call for Papers issued earlier this year asked for some papers to focus on Burns and the influence of Freemasonry on his life and career. We are pleased to report that several original papers have been received on the subject together with a host of others relating in some way to Freemasonry. The Conference Programme is now available and to download the programme click [here](#) or on previous links.
